6. How many barn buddies would you like? _____

7. Would you like feral, semi-feral or socialized barn buddies?

A **feral** cat is an unowned cat that lives outdoors and avoids human contact; it **does not** allow itself to be handled or touched, and usually remains hidden from humans

Semi-feral cats fall somewhere in between being feral and socialized. They tend to avoid being touched, but may vocalize when around humans or even make eye contact.

Socialized cats are fully domesticated and comfortable around humans,

There is no set adoption fee for our Barn Buddies program but donations are always appreciated to help cover our costs to keep this program available.
